

What is a day at Camp SummerSign like?

This immersive camp experience helps students, regardless of their hearing ability, improve their communications skills through learning ASL, problem solving, and team building while having tons of fun!

Each day is unique and is carefully structured to create an age-appropriate, enriching educational adventure. From field trips to in class learning, from dancing to making new friends, each activity builds on the next leading our campers to a higher-level of ability. A camper may arrive for the first time with little to no language skills, but by the end of camp they will undoubtedly be better equipped to communicate and navigate through daily life.

Key aspects of Camp SummerSign are:

1. Classroom learning. We can help you with your child's Individual Educational Plan.
2. Character Building. We help students understand who they are and how they can interface with others and the world around them.
3. Experiential Learning & Field Trips. Each week we provide real-world experiences through recreation a variety of field-trips and time spent investing in relationships.

Camp Summer Sign started in 2002 and its missions since its inception has been to arm people with life changing skills that enable them to better operate in and engage with the world.
